## FORD COULD USE POWER FROM DAM

DOES NOT KNOW WHEN HE WILL MAKE FORMAL REPORT TO SECRETARY WEEKS.

### PARTY SPENDS BUSY DAY

Auto Manufacturer Reasserts His Desire for Project to Change Financial System and Thereby Remove Causes of War.

Florence, Ala.—At a meeting of the Tennessee Valley Improvement Association here plans were made to continue the campaign to develop Muscle Shoals on a greater scale. Memphis, Chattanooga, Nashville, Birmingham and other cities were represented at the meeting.

Florence, Ala.—Thomas A. Edison is in complete agreement with Henry Ford on the possibilities for development of upward of 1,000,000 electrical horsepower on the Tennessee River at Muscle Shoals. This much has resulted in their survey of the government property, it was learned after his inspection.

It is also understood that the present inspection and resultant conferences between the Detroit manufacturer and West Orange inventor has brought Mr. Edison's informal endorsement of Mr. Ford's estimates in his proposal to lease the project.

Mr. Ford said he had not "even thought about the matter" or when he will make a formal report to Secretary Weeks on his present trip of inspection. "I don't know whether this report to Mr. Weeks will be in person or by mail," he said, "and I don't know when I will make it."

He gave the people of the community to understand, however, that he would have his supplementary report and final conclusions in the hands of the government official early in January.

The Ford party spent anything but a quiet Sabbath. Mr. Ford left his private car in East Florence before other members of the party arose and took a walk along the Tennessee River. He was back in time for breakfast. The morning table bore six quarts of milk sent by a farm holder. After breakfast the party, including Mrs. Henry Ford, Mrs. Edison and Mrs. Edsell Ford, was driven to lock number six, nine miles east of Florence, where the shoals were inspected, up the stream to lock number one, 17 miles from Florence, at the site of the proposed dam number three. The trip from lock six to lock one was made on a government train, the eight-mile road running along the banks of the river through a picturesque country. If dam number three is built, as proposed, and Wilson dam completed, navigation would be accomplished over the 30-mile stretch in which the river has a fall of 130 feet. This would open a channel of trade from Paducah, Ky., to Chattanooga.

Stevadores Agree.—Pensacola, Fla.—Contracting stevedores of Pensacola have agreed on a longshoremen's scale which has been submitted to the union for consideration. The scale calls for 55 to 65 cents an hour and 85 cents overtime for holidays instead of \$1.25 as paid at present. The union has not announced its attitude.

Another Ponzi Victim.—Boston.—Henry H. Schmelensky, president of the Hanover Trust company, which went to the wall in August, 1920, in the collapse of the Ponzi quick rich scheme, filed a voluntary petition in bankruptcy recently. He listed his liabilities at \$1,201,000 and his assets as uncertain but including \$1,130,000 in real estate, heavily mortgaged, \$28,000 on notes and debts due, and securities of uncertain value. He said he had no cash.

Programs Charged.—New York.—The American Jewish relief committee has issued a statement declaring that a new series of programs was in progress in the Western Ukraine in connection with the Petlura anti-Bolshevik expedition. The expedition was described as "appalling" in cable dispatches received from James H. Rosenberg, European director of its joint distribution committee, the statement said.

Thirteen Indicted.—Cleveland, Ohio.—Thirteen persons were indicted by the federal grand jury recently in connection with the raid on the yacht Tranquillo last June, when a cargo of whisky alleged to have been brought from Canada was confiscated.

## FORGES MISTRIAL IN ARBUCKLE CASE

SAID SHE WOULDN'T CHANGE HER MIND "UNTIL HELL FROZE OVER."

### 22 BALLOTS WERE TAKEN

Mrs. Hubbard, Who Has Mind of Her Own, Voted Against Arbuckle's Release on Every Ballot—Jury Discharged.

San Francisco.—Charges that attempts were made to intimidate Mrs. Helen M. Hubbard, juror in the Roscoe Arbuckle manslaughter trial who stood out for conviction, will be laid before the grand jury, it was announced by Milton U'Ren, assistant district attorney.

U'Ren said that Mrs. Hubbard told him, the bailiff who had charge of the jury, and a number of reporters that Gus Oliva, a commission merchant, approached her husband, T. W. Hubbard, with a view to having him use his influence to have her change her vote.

Mrs. Hubbard let it be known that she had been voting for a verdict of guilty on the manslaughter charge whereof the motion picture comedian was accused. She declared that Irwin informed her husband Oliva would ruin him if he did not instruct her to vote for acquittal.

San Francisco.—August Fritze, foreman of the Arbuckle jury, issued a signed statement saying that one of the women jurors, who was in the minority, refused to consider the evidence from the beginning and declared that "she would cast her ballot and would not change it until hell froze over."

San Francisco.—The Arbuckle jury has been discharged. It could not agree.

After being out 44 hours, 15 of which were spent in actual deliberation, the jurors were called before Judge Louderback this noon and asked individually their opinions on the chance for a verdict. In every case the answer was identical:

"I believe it to be an absolute impossibility for us to agree upon a verdict."

The judge then asked August Fritze, foreman of the jury, how the poll stood on the last ballot.

"Ten to two, your honor," Judge Louderback commented the juror on their endeavors to reach a verdict and formally discharged them. They left the jury box, free agents once more, at 12:15 o'clock.

With the ban removed the floodgates of speech were loosened and they began to talk, some reluctantly, others willingly, and the details of what transpired during those two days in the jury room began to get the light of day. There was the one exception: Mrs. Helen M. Hubbard would not talk. She was met by a friend at the door of the courtroom.

"Get me out of here quickly," she said, and the friend took her down the rear elevator and out through police headquarters into an alley. She declined to discuss the matter with reporters.

But the other women felt differently and what they had to say was received with especial interest. This is the first big criminal trial in which women jurors have sat, and their attitude was eagerly sought.

## IRELAND'S LAST WORD IS READY

DAIL OFFICIALS HAVE RETURNED TO LONDON FOR FURTHER CONFERENCE.

### WILL SAY "YES" OR "NO"

Premier, After Receiving Reply on Latest Proposals, Must Decide Next Step of the Empire for Peace or War.

London.—After two conferences in Dublin with Eamon de Valera, the Sinn Fein delegates in the Irish conference have returned to London. It had been intended, according to statements at the Sinn Fein publicity department here, that only Arthur Griffith, Sinn Fein foreign minister, would return at present and that the others would follow in a day or two.

It was expected the reply of the Dail Eireann cabinet to the latest British proposals would be flatly "yes" or "no," and that in either event, Prime Minister Lloyd George, upon Mr. Griffith's return, would decide the government's future action. But the news that all the delegates would soon be on their way here was taken to indicate there would be further discussion of details, giving rise to hope that a final breach in the negotiations might be averted.

Mr. Lloyd George, although in the country, is within easy reach of London, and he could see the Sinn Fein delegates on arrival, if necessary, government officials said.

It was understood that the Sinn Fein delegates were bringing the Dail cabinet's last word, and if the premier should be able to meet any additional points they might raise he would submit the new plan to Sir James Craig of Ulster by middle of the week. In the event of rejection of the proposals by Sir James it was indicated that the next move might be the resignation of the cabinet members as a prelude to a general election.

If an agreement should not be reached between the Sinn Fein and the government, the new plan, it is understood, will not be submitted to the Ulster premier, and there was no definite clue as to what might be Mr. Lloyd George's next move. In some quarters belief was expressed that the military would be given command of the Irish situation immediately. In other circles, however, it was supposed the government would publish all the correspondence on the Irish situation and ask the electors later for a mandate to deal with the situation.

### ARRESTED BOSS' WIFE.

Motorcycle Cop Says Commissioner's Wife Was "Doing 30 Miles."

New Orleans.—Police Supt. Molony has suspended Patrolman Frank Chappetta of the motorcycle squad for trying to arrest Mrs. R. M. Murphy, wife of the commissioner of public finances. ### No Duty On Imported Stock.

### Riot Recurrence Feared.

London.—Although British government circles have received no reports of new outbreaks in Portugal, it is stated that general unrest is believed to exist throughout that country, with strong undercurrent of radicalism, which may result in a recurrence of the recent revolutionary movements at any time. It is added, however, that renewed outbreaks would not be likely to result in foreign intervention beyond visits by warships and the landing of small detachments for the protection of the foreign colonies.

## JAPAN HAILS NAVAL REPORT

RUMOR OF QUADRUPLE AGREEMENT HAS ALSO BEEN ACCLAIMED.

### TEMPER OF THE MASSES

Government Told Kato To Get Guarantee Against Further Fortification of Guam and the Philippines, It Is Believed.

Tokyo.—The brightest day for Japan in years has just passed, for the people began to see a vision of more schools, better sanitation and public improvements, and also some relief from the heavy taxation as a result of cables from Washington stating that the Japanese delegation was reported to have accepted the 5-3 capital ship ratio and the war department's decision to make a substantial reduction in the army.

In accepting the Hughes plan Japan has made the supreme sacrifice for the success of armament limitation. It does so cheerfully and gladly, hoping to remove world suspicion and to take a seat in the family of nations. It is stated that the government sent, substantially, the following wire in response to Admiral Kato's request for final instructions:

"Use your own discretion, but use the Hughes ratio if necessary to obtain an agreement, but, if possible, demand a guarantee for the limitation of defense in Hawaii, Guam and the Philippines."

The Sino-Japanese consent to accept the offers of Secretary Hughes and Mr. Balfour to mediate the Shantung question also was gladly received as inspiring a settlement on terms fair to Japan, thus removing a source of irritation and making the settlement of other questions in connection with China easy of accomplishment.

### ACCUSED SLAYER GIVES UP.

Fired on Hunting Party Disregarding Trespass Signs, Killing One.

Florence, S. C.—Jim Benton, farmer, accused of firing into a hunting party that was alleged to have disregarded trespass signs, killing one boy and wounding another, surrendered to Magistrate Knight at Cowards and was brought to Florence and placed in jail. After the shooting, which occurred Wednesday, Benton took to the swamps along Lynch river and eluded posses for more than 48 hours.

Alger Poston, who was wounded at the same time his brother, Fay, was shot and killed, is expected to recover.

### Robbed of Over \$12,000.

### LIFE ESTATE TO HUSBAND.

J.—The entire residuary estate of Mrs. Edith Kingdon Gould, who died of heart failure at her country house at Lakewood, three weeks ago, is left in equal parts to her children and their issue after the death of their father, George J. Gould, according to the terms of the will filed for probate in the Ocean county surrogate office.

### TWO WIDOWS, HIS HEIRS.

First Charges Divorce Obtained From Her By Fraud.

Cincinnati.—Two women, both of whom say they are widows of Anton J. Wiechers, are contending for his \$2,000 estate. He died in San Francisco in September, 1919. Mrs. Sophie Wiechers of Buffalo, N. Y., who claims she was his first wife, filed suit in the common pleas court here, alleging the divorce obtained from her in Cincinnati December 1, 1914, was fraudulent because he was not a bona fide resident of the city or state when he entered the suit. She also alleges that she had received no notification of the filing of the suit.

### Dedicate Only Mosque in U. S.

Detroit, Mich.—The followers of Mohammed here took part in a double celebration, the dedication of their new mosque, the only one in the United States, and the observation of the feast of Id-ul-Fitr, which marks the end of a 30-day fast. Rugs were strewn over the earth floor and on these Detroit's Moslems, with shoes removed, knelt in prayer.

### Wipes Town Off Map.

Lancaster, O.—George Fraulree, who moved his wife and 15 children from Hocking county to North Berne two years ago, thereby doubling the population and causing the census enumerator to change it from a hamlet to a village, has literally wiped the place off the map again by moving away.

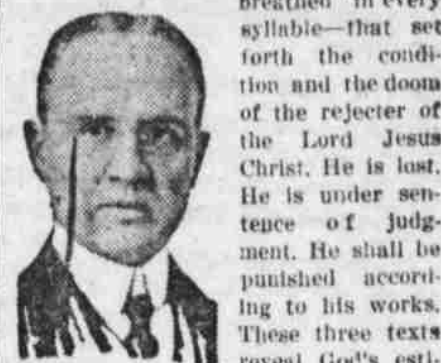

Fraulree operated a general store and was mayor and postmaster. Owing to the removal of his big family, North Berne now loses its postoffice and will receive its mail by rural delivery out of Lancaster.

## Lost! Judged! Punished!

By REV. GEORGE E. GUILLE  
Extension Department, Moody Bible Institute, Chicago.

TEXT.—For the Son of Man is come to seek and save that which was lost.—Luke 19:10. He that believeth not is judged already.—John 3:18. Who shall be punished with everlasting destruction.—1 Thess. 1:9.

Solemn, solemn, solemn words—words of Holy Scripture and "God-breathed" in every syllable—that set forth the condition and the doom of the rejecter of the Lord Jesus Christ. He is lost. He is under sentence of judgment. He shall be punished according to his works. These three texts reveal God's estimate of man, an estimate that shall abide in spite of "the reasonings of the wise" and of man's mistaken estimate of himself. To the law and to the testimony," then, which declare that man is

Lost.

I. (1.) Because he is born in sin. "Behold," cried the Psalmist by the Spirit of God, "I was shapen in iniquity; and in sin did my mother conceive me."—Psa. 51:5. Right you are, David! And you spoke there for me and for all the race. Sin is the sad heritage bequeathed to us by our father, Adam.

(2.) Because he is corrupted through and through in every department of his being. "From the sole of the foot even unto the head there is no soundness in it; but wounds, and bruises, and putrifying sores; they have not been closed, neither bound up, neither mollified with ointment."—Isa. 1:6. God's estimate again. And they who accept it cry: "We are all as an unclean thing, and all our righteousnesses are as filthy rags; and we all do fade as a leaf; and our iniquities, like the wind have taken us away."—Isa. 64:6.

(3.) Because he is dead to God. "And you, who were dead in trespasses and sins,"—Eph. 2:1. "Ye must be born again."—John 3:7.

(4.) Because he is without God, and ungodly. "That at that time ye were without Christ . . . having no hope and without God in the world."—Eph. 2:12. "When we were yet without strength, in due time Christ died for the ungodly." God said it! O soul, He said it about you! Talk not of your poor human goodness, or your man-pleasing morality, or your efforts to make something of yourself. You are dead to God, and there is no life for Him save that which He gives in Christ.

II. The Word of God declares that man is

### Judged

by a sentence that was pronounced at the cross of Jesus Christ. Man is no longer under probation; that came to an end at the place called "Calvary." There where the "wrath of God was revealed from heaven," there where God's Beloved Son bowed His head in death under the weight of this world's sin—there the sentence was written for every eye to see. "Now is the judgment of this world." Every unsaved man, whether in the deepest depths of depravity or walking upon the highest planes of morality, is under that sentence. He is judged for not accepting God's provision in Christ—judged for rejecting the only Savior. "He that believeth on Him is not judged; but he that believeth not is judged already, because he hath not believed in the name of the only begotten Son of God."—John 3:18.

### Punished.

And this according to their deeds and for their deliberate aversion to Jesus Christ. "Who will render to every man according to his deeds."—Rom. 2:6. "And the books were opened; and another book was opened, which is the book of life; and the dead were judged out of those things which were written in the books, according to their works."—Rev. 20:12. "He that despised Moses' law died without mercy under two or three witnesses; of how much sorer punishment, suppose ye, shall he be thought worthy, who hath trodden under foot the Son of God, and hath counted the blood of the covenant, wherewith he was sanctified, an unholy thing, and hath done despite unto the Spirit of Grace."—Heb. 10:28-29.

O soul, lost and undone, lying under God's righteous sentence, look at the wondrous and blessed contrast to all this on the part of the one that accepts the Lord Jesus for his own Savior. He is saved ("Believe on the Lord Jesus Christ and thou shalt be saved"); he "shall not come into judgment," but is passed from death unto life"—John 5:24; and over and above it all, he shall be rewarded according to his fidelity to that Blessed One who has saved him. "And my reward is with me to give every man according as his work shall be."—Rev. 22:12. Only a step from your lost estate into this blessed one! Take it now!

### Consider Thyself.

Brethren, if a man be overtaken in a fault, ye which are spiritual, restore such a one in the spirit of meekness; considering thyself, lest thou also be tempted.—Gal. 6
